

360 Degrees

PAPER WILL START BURNING AT FAHRENHEIT 453

WATER WILL START BOILING AT 100 DEGREES OF C

AN AWFUL LOT OF ENERGY,AN INCREDIBLE AMOUNT OF HEAT

BUT JUST A COLD WET MESS WHEN THEY BOTH DO MEET

SO NEXT TIME YOU'RE FEELING GLOOMY, DO A 360 TURN

AND IF YOUR EYES ARE OPEN, BE AMAZED AT WHAT YOU LEARN

A PIGEON THERE BESIDE YOU, OR MAYBE HIGH UP IN THE AIR

THE SUN CONTINUES SHINING,WHEN THE CLOUDS ARE THERE

AN INFANT IN A PRAM IS SMILING AND LOOKING STRAIGHT AT YOU

BUT IF YOU NEVER NOTICE, YOU WILL STAY SAD ITS TRUE

PASSING BY THE LOCAL BAKERY, LET YOUR SENSES NOTE

THE AROMA OF FRESH COOKED BREAD ON THE AIR WILL FLOAT

THEN LISTEN FOR THE BUSKER, AS HE PLAYS HIS OLD GUITAR,

HOPING TO MAKE THE PRICE OF A SANDWICH AND A JAR

THE MUSIC COULD BE REALLY GOOD, INDEED IT COULD BE GREAT

BUT YOU HAVE TO SPEND YOUR TIME, AND LET THE HURRY WAIT

SOMETIMES WE THINK IN CIRCLES , OR WALK THE SAME OLD TRACK
AT TIMES WE DO NOT NOTICE, THAT NATURE IS GOOD CRAIC
SO MAKE A CHOICE TODAY TO FIND YOUR LOCAL PARK
THEN LEARN TO LISTEN, AND TRY TO SEE THE LARK

YOU MAY FIND ELEVATION, OR HAVE TO LOOK UPON THE GROUND
BUT LET YOUR SENSES SOAR, AND HEAR EVERY LITTLE SOUND
THE AMAZING DAWN CHORUS, MOTHER NATURES GREAT SYMPHONY
AND BEST OF ALL MY FRIENDS, THE CIRCLE OF LIFE IS FREE
