

# Friends

He's quite like me, in many ways,  
Especially in the things he says,  
And I could be with him for days,  
With no cross words being spoken.

\*\*\*\*\*

He's been my friend, for some time now.  
Since we first met, I'm not sure how.  
But I know that we won't allow,  
This friendship to be broken.
