

Solomon The Spirit Of Jesus

The Spirit of Jesus , what do you think he means ?

When He died for you do you think he really redeems ?

Is the notion of heaven all it really seems ?

Does Gods heavenly light meet all your human dreams ?

Does the American dream satisfy all your greatest need?

Does Santa at Christmas hear the poor as they eternally plead?

Does Wall Street satisfy the Beelzebub continuous greed ?

Do you understand the Jesus "I love you" forever creed ?

Does mankind as a nation serve your human desire,

Will you still love life as you reach the age to retire ?

Will Bertie's phallic symbol, get you to rise and inspire ?

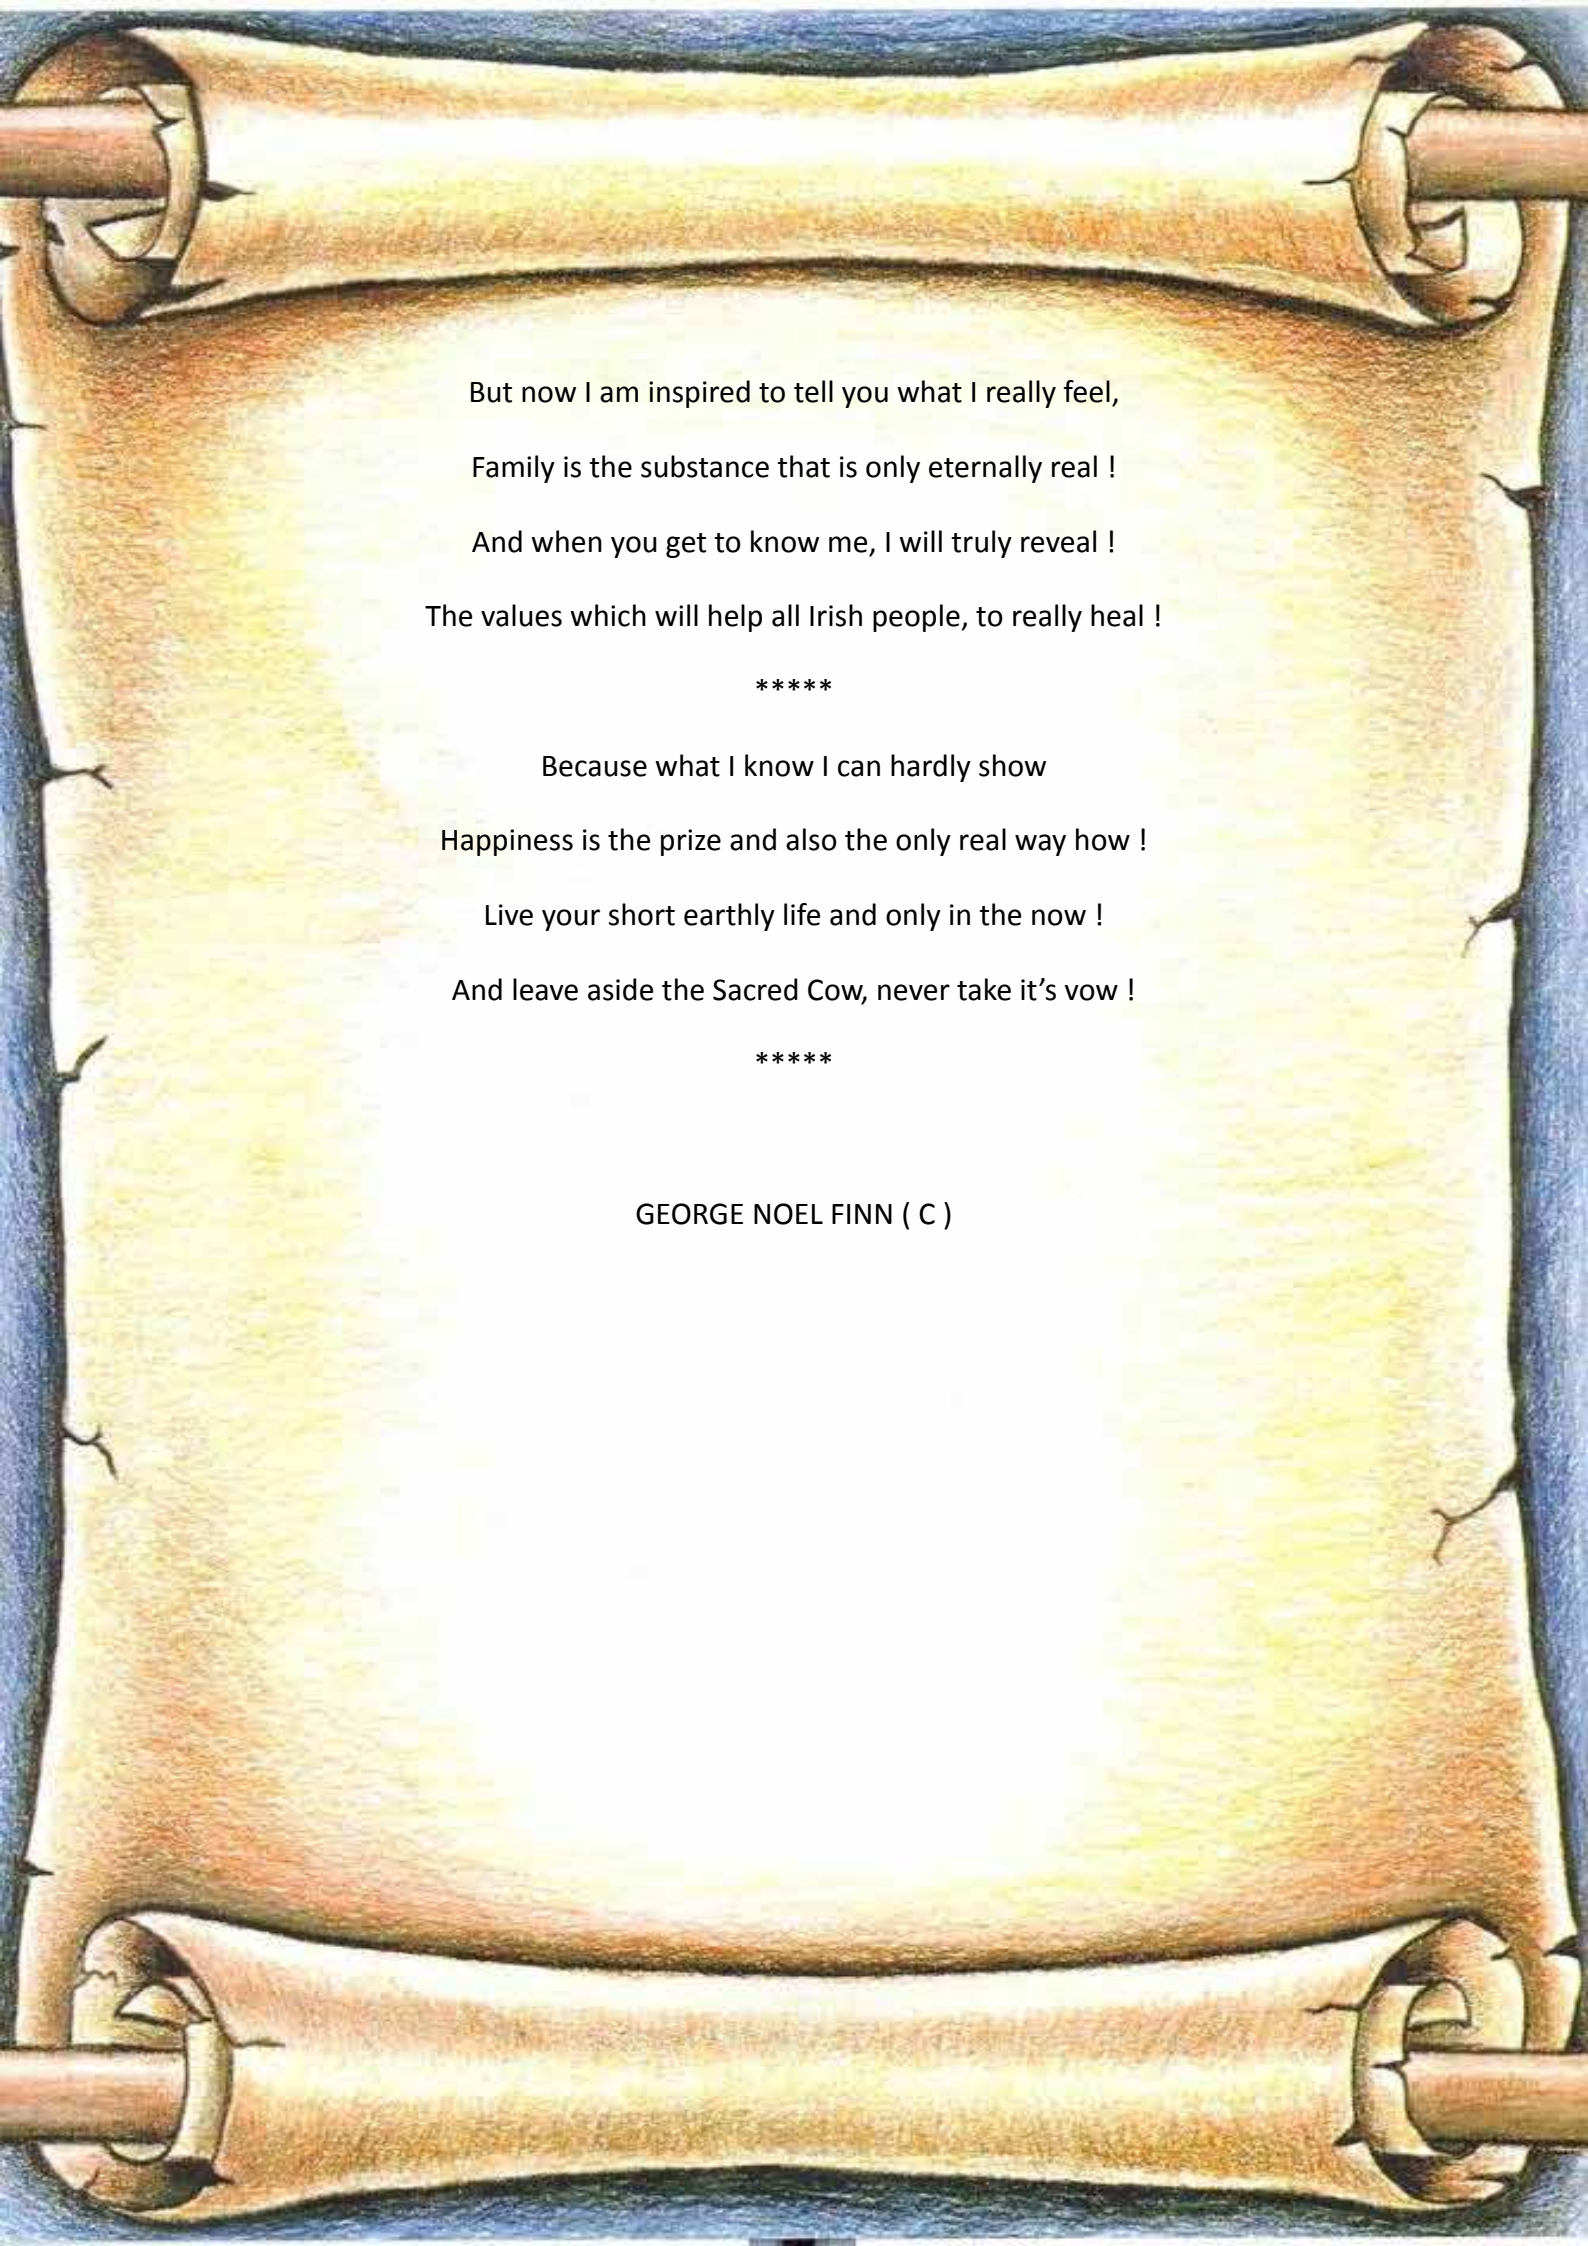

Or as I feel myself ,....think it was rather dire ?

Do highways and byways satisfy the person ?

Or is human greed a natural human perversion,

Charlie Haughey my friends, had no time for the Irish poor !

His sad mad selfish interest ,chasing the Lady for sure !

But now I am inspired to tell you what I really feel,
Family is the substance that is only eternally real !
And when you get to know me, I will truly reveal !
The values which will help all Irish people, to really heal !

Because what I know I can hardly show
Happiness is the prize and also the only real way how !
Live your short earthly life and only in the now !
And leave aside the Sacred Cow, never take it's vow !
