

The Man Who Was Left To Die

It happened on Thursday the Fifth of July,
In Dublin City Close To Erin's Eye,
This true Story would have you cry,
Yes " Henry " with no Money is left to die !

Yes the lady Of James's Street HPU,
Supposed to be Human like me and you,
But on that sad day what did she do?
She stopped Henry's money,... It's true ! , It's true !

Now Homeless Henry, what choice has he got ?
To quietly Give up and just start to rot !
No ! , while George is alive, I think not,
Bertie , once again, In the " Hot Spot " !

How can you have a National Development Plan ?
When in Dublin, You would Damm a man !
Why, Bertie ? Because you can, you can,
Now why is this? because he is less than ...

A Human Being, Or maybe a lost soul,
Is This The Taoiseach's Stately role, ?
To withdraw even the sad miserly dole !
And Send Henry to A cold graveyard hole !

Well Bertie answer now on this day,
Tell the Truth for once if you may !
Should our Henry have the right to stay?
Or or just feed on six feet of clay ?
